Conditions continue to be  
very dry. Very little  
precipitation. The irrigation  
system has been operating

steady for the last two months. With  
that comes problems; Sprinkler leaks,  
dry areas (nozzle problems), areas too  
wet from over lap. The irrigation system  
now becomes a full time job. It takes the  
superintendent and staff many hours,  
days, weeks, and even months to adjust  
and fine tune the irrigation system. New  
sprinklers to replace old, nozzles  
changed, sprinklers moved, hoses hauled  
around 120 acres, and water schedules  
manipulated throughout the season to  
account to the conditions. An on going  
battle indeed. If you see the boys in a  
hole on the course, tell them they are  
doing a good job. Its not fun being in a  
hole with 30 C+ tempetures. Believe me.  
Please rain. Have fun, enjoy the course.
